PUBLIC UTILITIES WATER SERVICE INTERRUPTIONS

SUFFOLK, Virginia (December 5, 2011) The Suffolk Department of Public Utilities will disrupt water service on Sleepy Lake Parkway on Wednesday, December 7, 2011, in order to replace a fire hydrant.

The shut-down will begin around 9:00 a.m. and is anticipated to last approximately five hours with service being restored around 2:00 p.m. In the event of inclement weather the project will be scheduled at a future date.

There will also be an interruption of water service in the Riverside Estates neighborhood on Friday, December 9, 2011 in order to repair a water leak.

The shut-down will begin around 9:00 a.m. and is anticipated to last approximately five hours with service being restored around 2:00 p.m.

Residents in both neighborhoods have been notified of service interruptions. If there are questions or concerns before or after the restoration of service, please contact Public Utilities Customer Service at (757) 514-7000.
