**ROUTE 58 UTILITY IMPROVEMENTS SCHEDULED**

SUFFOLK, Virginia (January 19, 2012) The Suffolk Department of Public Utilities announces some utility work that may impact traffic. Beginning Monday, January 23<sup>rd</sup> contractors will be installing new water and sanitary sewer improvements along Route 58 from Kenyon Road to Manning Bridge Road.

The utility improvements include the construction of a new 24-inch sewer force main, an 8-inch gravity sewer main, and an 8-inch water distribution main. During the workday construction hours of 7:30 a.m. to 4:30 p.m., the outer westbound lane of Route 58 will be closed to provide a safe work zone.

Work is scheduled for completion in early May.
