BRIDGE REPAIR WORK MAY CAUSE POSSIBLE DELAYS

SUFFOLK, VA (January 24, 2012) The Suffolk Department of Public Works would like to make you aware of upcoming repair work on the Mills Godwin Bridge that is scheduled to commence Wednesday, January 25, 2012. Due to the work, there will be short durations of flagging operations during the day as well as at night which will require a shifting of lanes onto the shoulder of the bridge to minimize impact to traffic. Two lanes of traffic will be open at all times.

Phase one of this project is scheduled to be completed by March 1, 2012, weather permitting. Phase one repair work will include total reconstruction of the expansion dams and resealing of the expansion joints along the entire 4000 linear foot bridge.

For more information, contact the City of Suffolk Department of Public Works Roadway Maintenance Division at (757) 514-7600.
